

HOW TO DETERMINE YOUR FINGER SIZE.

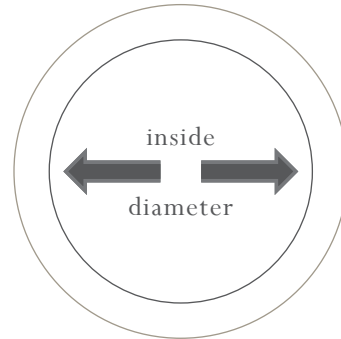

Step 1: Check printed paper size and accuracy.

- Carefully follow these instructions to gain an accurate and precise measurement.
- Before printing this form, ensure 'Page Scaling' is set to 'None'.
- After printing measure the scales on the left with an accurate ruler or place a quarter where indicated. The coin should fit exactly and completely over the entire image.

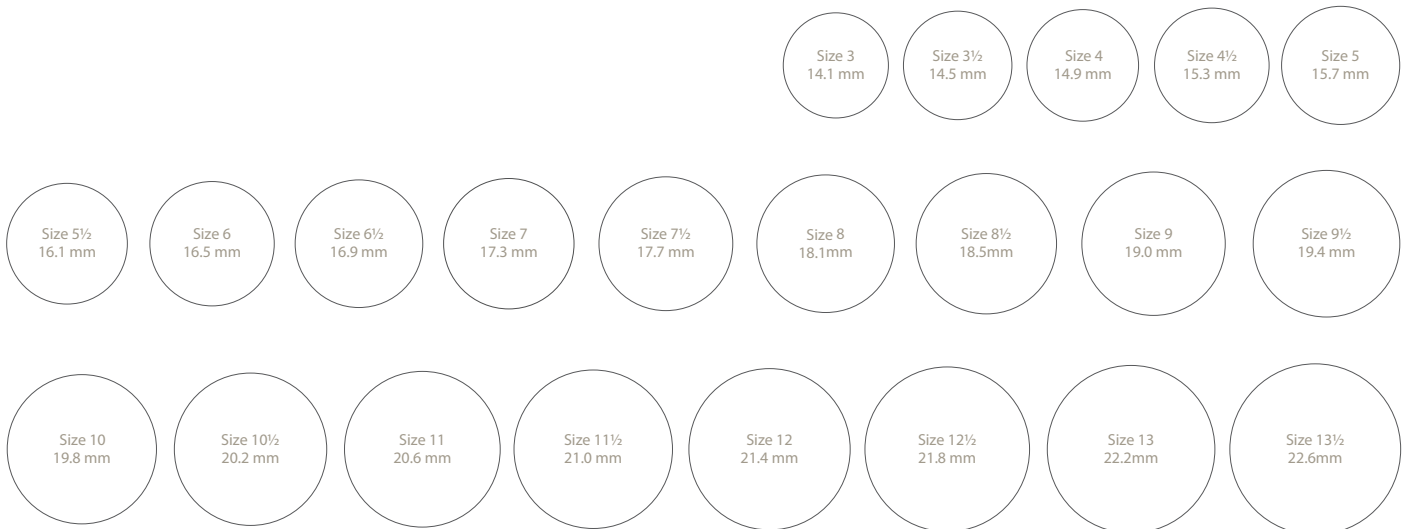

Step 2: Measure a current ring to determine your size.

- Use a ring that comfortably fits the desired finger. Some rings overtime may no longer be perfectly circular, so it's best to use a ring that is still in shape to gain accurate results.
- Place the ring over the measuring circles below. Match the inside edge of your ring to the line of the circle. Once you have found a circle that lines up perfectly that is your size. If your ring sits between two sizes we recommend to order the larger size or a 1/4 size.
- Consult your Made In Earth team for their expertise anytime.

MEASUREMENTS MATCH THE INSIDE EDGE OF THE RING

INTERNATIONAL SIZING CHART

Circumference (mm)	Diameter (mm)	UK, Europe, & Australia	United States
44.2	14.1	F	3
44.8	14.3	F½	
45.5	14.5	G	3½
46.1	14.7	G½	
46.8	14.9	H	4
47.4	15.1	H½	
48.0	15.3	I	4½
